Secretary Alger Writes Governor Tyler.

ALL VOLUNTEER REGIMENTS

Will Be Mustered Out by May 1st,-

Richmond, Va., March 15.—Governor Tyler to-day received a letter from Secretary Alger, stating that all the volunteer regiments now in Cuba with be mustered out before the first of May.

This means, of course, that it will not be long before the Fourth Virginia is ordered home to be discharged. Secretary Alger did not state when such order would be issued.

Col. Harry Hodges, of Norfolk, and late Commander of the Fourth regiment, was to see the Governor to-day regarding having the regiment brought to Norfolk for muster-out. Col Hodge argues that as at least nine companies are from Norfolk and contiguous country, Norfolk should be the place of musters that as a talest nine companies are from Norfolk should be the place of musters that it will be the place of musters that it was to see the Governor to-day regarding having the regiment brought to Norfolk and contiguous country. Governor Tyler has nothing to do with deciding where the regiment shall be brought for muster-out; the matter rests with the War Department. As a matter of fact, it would be greatly to the advantage of the men to be mustered out in Cuba, since they would get pay and ration commutation at the rate of \$2 cents for every twenty miles between Havana and their homes. Officers would get a day's pay without ration commutation for every twenty miles between Havana and their homes. Officers would get a day's pay without ration commutation for every twenty miles, it is probable that if the men were mustered out in Cuba many of them would not return to Virginia, but would invest their pay in Cuba, and reside there. At least one of the officers of the Fourth has aiready purchased a large tract of mahogany timber land in Cuba, at a very low price, and will develop it. Other members of the regiment are looking for similar chances.

Richmond this afternoon and immediately took steps to put in operation. This movement, which in the opinion of many, bids fair to revolutionize the Sunday school work of the State, is not undenominational, but inter-denominational, and, as has been explained, it is inter-denominational for the reason that the work proposed cannot be done by any one denomination alone.

The president of the association Judge R. T. W. Duke, lives in Charlottesville, but the movement will be directed from Richmond through the Executive Committee, of which Mr. W. R. Jones is chairman. Other officers are Mr. Alfred J. Gary, corresponding and recording secretary; Mr. H. C. Marchant, of Charlottesville, treasurer, and seventeen vice-presidents, representing all the Protestant denominations in the State.

The Norfolk and Western Railroad Company objects to the extension of Bank street through the eastern suburbs. For the convenience of mill plant and factory owners over that way the council at a recent meeting decided it would be a good thing to run Bank street a block or so further east. Their action was commended. Now Superintendent L. E. Johnson, of Roanoke, in reply to a letter from Town Attorney J. U. Burges, says the railroad company opposes the proposed action, on the ground that it would injure the company's property. The Norfolk and Western corporation owns considerable land nearby, and they don't want the street to come through It is not known what Suffelk is going to do about it. The council will probably have a special meeting and institute proceedings to have the laid condemned. The extension means a great deal to people of that section, and it should be persisted in.
